Mission #9 Focus on the children:

Our tireless volunteers were able to serve almost 1,000 patients in three days! Great Job Team!!!

As PFH continues to grow, our patient population is literally growing too! We are seeing more and more children in our clinics. It is crucial we continue to provide care for them.

Priceless Moments

Don't Be Left Behind!

2012 is quickly approaching and PFH has been blessed by so many volunteers wanting to go. There is still space available so be sure to go to the website, peopleforhaiti.com, and sign up to reserve your spot! Make a difference!!!!

Although the storm Emily missed Haiti, over a million people are still homeless. Those living in tents are the "lucky" ones. These conditions breed disease. Thanks to your generous donations, we can continue to provide care to them.
